

How to Decorate a Pool for a Christmas Party

With the holiday season just around the corner, what better time to consider throwing a festive pool party?

To make things go with that extra swing, you'll want to make sure that your pool area has been suitably decked out for the occasion. But what would be the best decorations for your special festive pool party? Here are our top six ideas!

Festive Lighting

Imaginative pool lighting always adds extra atmosphere to a pool area after dark, but twinkling Christmas lights can make everything even more magical.

Inflatable Decor

Inflatables are essential for any good pool party, and with everything from Santas and snowmen to reindeer, penguins, and Christmas trees to choose from, you'll find plenty to make sure your party bobs along even better!

Poolside Ambiance

Put poinsettias by the pool, hang baubles from the bushes, run garlands through the glades, drop glitter into the grass, decorate your decking, and put candles in your cabana!

Underwater Glow

Create a magical glow to your pool by adding floating lights that illuminate your underwater with an array of bright and beautiful colors that will keep all your guests entranced.

Themed Accessories

Stock up on your Christmas plates, table covers, napkins, cups, glasses, balloons, and candy, plus Christmas stockings if your guests will be receiving gifts.

Safety & Comfort

Keep all electrics well away from the water and make sure the pool area is well lit after dark. If it gets cold, poolside heaters and Christmas-themed blankets will help keep everyone warm
